COMPANY PROFILE

Multidisciplinary Engineering, Architecture and Design Consultants

Since our founding in 2014 (2006 E.C.), Raad Engineering Consultancy has grown into a trusted multidisciplinary partner for governments, development agencies, and private clients across Somaliland and Ethiopia's Somali Regional State. Dual-registered in both jurisdictions, we have delivered more than 50 major assignments spanning water resources, dams, irrigation, institutional buildings, roads and bridges, and geotechnical investigation.

11+

Years in Business
